

September 27, 2025: I am writing to document the ongoing and shameless attempts by the Donald Trump administration along with the help of Elon Musk to use the resources of the federal government to drive continuous noise agitations into our home at 5:23am as I am studying my religious materials.

This is an ongoing violation of my First Amendment freedom to practice my religion and is an ongoing attempt by the President of the United States to present himself as a king and worst of all as a god over my life.

These acoustic agitations are operating in direct correlation to my work product and are causing vibrations inside of my home to act as sound effects to the religious work that I am producing. These sound effects and noise agitations are acting to represent themselves as 'god' in the scriptures and as 'king' in the scriptures and is an ongoing nuisance in my life as I study the work that produces my religious values.

I am writing this message as an accurate and timely factual recording of the ongoing abusive conduct that we are enduring at the 'hand' of our government. I am collecting these factual recordings for use in the lawsuit that I am actively preparing and filing against the United States Space Force, SpaceX, Donald Trump and Elon Musk.
